The aim of Gorselands is to provide you with peace of mind and very high quality standard of holistic nursing and personal care; within a comfortable, relaxed and happy environment.

We will encourage you to be as independent as possible, respect your choices and your need for privacy and quiet times.

We welcome your family and friends to Gorselands and will encourage them to become an integral part of your daily life with us. Informal visiting is encouraged and they can join you in our social and activities programme.

Should you or your family have any concerns regarding any aspect of your care at Gorselands, please let us know as soon as possible and we will do all we can to help resolve the problem.
